

# 1 MLD Desalination Plant Installed on Floating Barge

Client: National Institute of Ocean Technology

- Operating Pressure : Tubeside - 2 bar g, Shellside - 20 mbar;
- Operating Temperature : Tubeside - 10 °C, Shellside - 20 °C
- Surface Condenser: CS Shell, Aluminum TS 6061 Tubes, Aluminum Explosion Bonded Tubesheet; Flash Chamber: CS Ebonite Rubber Lined
- TPI: Bureau Veritas
